Overview

Ranajoy has several years experience in structured finance, securitisations, derivatives, debt capital markets and debt restructurings. He has advised on a number of Greek securitisations and debt capital markets issuances, including advising a number of SME's in relation to corporate, renewable energy and infrastructure bonds. He has advised a wide range of participants, including arrangers, originators, servicers and trustees, in connection with the securitisation of a wide variety of assets in numerous jurisdictions. His experience includes Covered Bond transactions, corporate bonds, standalone RMBS deals, emerging market securitisations, infrastructure financings, segregated asset pool programmes, Master Trust programmes, ABCP conduits, Medium Term Note programmes, renewable energy project bonds and synthetic securitisations. He is dual qualified in England and India.
