COMPANY PROFILE

Nexans Hellas manufactures power and telecom cables in Greece since 1974. The company produces energy cables of low, medium and high voltage, copper and optical fiber telecommunication cables, overhead conductors made of copper, aluminum as well as aluminum alloys. In addition, the company produces industrial cables and wires, machinery cables, cables for oil and gas systems, cables for transportation, photo-voltaic systems and wind mills and land and submarine optical fiber cables.

The factory is located in Lamia (Aghia Marina), it is an important growth driver for the region and has been constantly modernized in order to meet the growing demands of international competition both in cost and quality, thus enabling thus the company to become a net exporter of goods.

REVENUES ANALYSIS (in € 000)
