Press Release

«Important Cooperation Agreement of DROMEAS Company»

A Cooperation Agreement was signed between DROMEAS S.A. PAPAPANAGIOTOU and BISLEY Company in Newport (Great Britain) March 8, 2017. The agreement predicts:

- The promotion to the international market by BISLEY Company of the “Cito” desk line, which is produced by DROMEAS
- The, as the case may be, joint participation in international tenders for office furniture equipment
- The joint development of new products

BISLEY Company produces metallic file cabinets of various types and uses. It is globally established and takes action in more than 50 countries. This is a four-year agreement with immediate effect and has projected, for the first year, orders of 10.000 pieces of desks.

This agreement confirms the international acknowledgement of DROMEAS Company and the further reinforcement of the company’s exports, which exceed the 60% of it’s production.

It should be noted that DROMEAS Company supplies with office furniture all the offices of the European Commission for the periods from 2009 to 2013 and from 2015 to 2020.

It supplies the German Army through international tenders since 2013 with more than 100.000 pieces of special cabinets.

It supplies the CERN research center in Switzerland with office furniture equipment with a new three-year contract from 2015 to 2018.
