Press Release

«German Army insists on Greek:
New contract amounting 14 m. Euros awarded to Dromeas»

The company DROMEAS is proud to announce that has won a new international tender for the purchase of 40.000 electrically height adjustable desks by the Purchasing management of the German Army of total value 14.000.000€.

It is about specially manufactured furniture according to EU specifications, which are wholly produced by the company Dromeas in its facilities in the Industrial Area of Serres.

The evaluation took into account the qualitative and functional excellence, stability, aesthetics while also taking into account international certifications of raw materials, of production processes and of final products.

The supply will be completed in 4 years (10.000 pcs/ year) and it is the biggest order of electrically height adjustable desks that has been placed by a German agency.

The signing of the contracts will be made after the passage of 10 days, to evaluate any possible objections.

The Board of Directors
