Completion of a partial tax audit for the year 2016

Space Hellas S.A. (hereafter “the company”), in the context of the proper, valid and timely notification to the investing public and in accordance with the provisions of paragraph 4.1.3.1 of the Athens Exchange Rulebook, informs the investing public that the partial on-site tax audit for the year 2016, regarding the Company's tax obligations specified in the relevant audit mandate, was completed

The books kept were valuated as sufficient and accurate and no irregularities or omissions affecting their validity were found.

Moreover, the above audit did not result in a tax liability, but a reduction in the carried forward tax loss.

Subsequently, the company correctly reflected the tax loss carried forward to subsequent years from the tax audited 2016 year and additional income taxes plus surcharges, amounting to €220 thousand, arose. This amount, reduced by the formed provision of €61 thousand, will be charged to the results of the current year.
