

**EPSILON NET: Certification by Greek IAPR of the solutions "EPSILON ALL in ONE" & presentation of the solution for the interconnection of digital cash register, invoicing software and ERP with POS**

EPSILON NET Group, announces the completion of the certification process of the "EPSILON ALL in ONE" service by Greek IAPR (Independent Authority for Public Revenue) which will be the basis for the gradual distribution to businesses of an **integrated range of ALL in ONE Cash Register/POS solutions** that combines and interconnects:

- Electronic Invoicing Applications or ERP systems
- Services of the Group's licensed Electronic Invoicing Provider (Epsilon Digital) which has now received upgraded certification in accordance with the requirements of C.N. A.1158/2023 &
- Soft POS to accept payments via debit & credit cards

The "**EPSILON ALL in ONE**" family of solutions offers instant facilities for card payments, without the need for tax mechanisms, by integrating different options into one device, such as:

- ✓ New type of digital **cash register interconnected with POS & Electronic invoicing Provider** easily and simply in one device
- ✓ Integrated **ERP solution with POS & Certified Electronic Invoicing Provider**.

EPSILON NET Group's goal is to offer its customers and Greek businesses, an easy-to-use set of digital cash register & POS or ERP & POS in order to adapt immediately, simply and safely to the new market data and the requirements of the legislation.

The "**EPSILON ALL in ONE**" solutions offer:

- ✓ the enterprise the ability to issue **retail receipts** directly from its POS, without tax mechanism and with **certified compatibility** according to the specifications of the interconnection of cash registers with POS based on Decision IAPR 1155/2023.
