

MYTILINEOS Energy & Metals is now Metlen Energy & Metals

A major milestone - an evolution that reflects an unwavering commitment to growth, innovation and a global footprint

- *“We are motivated and devoted to reaching new heights that a Greek company has never conquered”*

Athens, Greece – 04.06.2024 – Today marked a new, even more dynamic chapter in the evolution of MYTILINEOS Energy & Metals, as the company presented its new corporate brand and renewed corporate image. A major milestone - an evolution that reflects an unwavering commitment to growth, innovation and a global footprint.

The message of MYTILINEOS Energy & Metals’ evolution to Metlen Energy & Metals (**Metlen**), which is inextricably linked to the successful course of transformation in recent years, was conveyed by the Chairman and CEO of Metlen, Evangelos Mytilineos, at the company's Annual General Meeting of the Shareholders, which was held and voted by the shareholders, in the presence of employees, partners, analysts and journalists, as well as those who watched the event live from 40 countries where the Company operates in all five continents.

During the event, Mr. Mytilineos stated:

“It is a significant milestone, but also a challenging moment for me, as whichever name you choose after 115 years will not be like the previous one. MYTILINEOS has gained an emblematic character, something for which all of us are proud.

As difficult as it is for me, as the company is like my third child, we are motivated and devoted to reaching new heights that a Greek company has never conquered. This sacrifice of the name - because in my heart it is like that - proves that if we are ready to move to such a drastic step, then nothing will stop us going forward”.
