COMPANY PROFILE

METKA is a European EPC (Engineering-Procurement-Construction) contractor of fully integrated turn-key power generation projects throughout Europe, the Middle East and North Africa, carrying out complete power plant solutions based on state-of-the-art power generation technologies.

The Company was established in 1962 in Nea Ionia, Volos and in 1999, became part of the MYTILINEOS Group. METKA has constantly developed its technical know-how and organizational capabilities, allowing it to successfully complete progressively more demanding projects within its selected markets of Energy, Infrastructure and Defence.

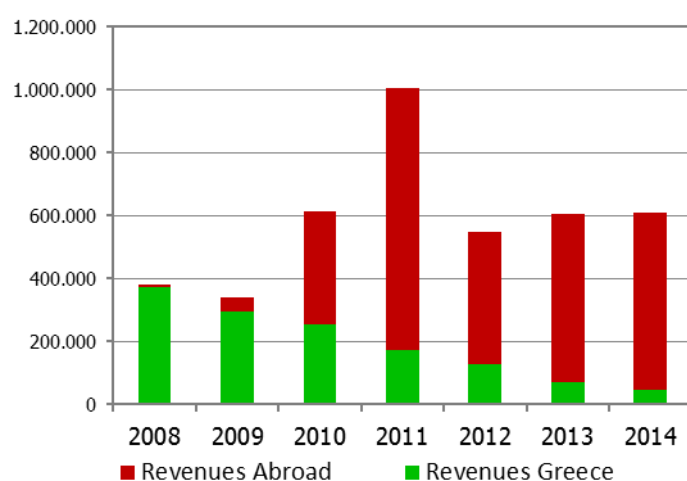

In the Energy sector METKA has built on its considerable background in construction and manufacturing of equipment for power generation plants, to become a specialized EPC Contractor with proven capability in turn-key delivery of energy production projects, whereas its fully owned and equipped industrial plants have substantial experience and capability for the manufacture of power generation related equipment.

With experience extending across all forms of thermal power (combined cycle, co-generation, lignite power plants), as well as hydro power and environmental upgrade of existing units, METKA is well placed to respond to growing energy demand throughout the region.

METKA's depth of experience and manufacturing capability in the Infrastructure Sector enables it to execute the most challenging projects. The company's impressive track record of Infrastructure projects includes high value-added construction for major bridges, athletics facilities, port equipment, mining, industrial and petrochemical facilities.

METKA has significantly developed its capability and participation in the Defence Sector since 1999, through manufacturing co-production arrangements with leading international defence equipment suppliers.

REVENUE ANALYSIS (in € 000)

Company's exports represent 92.63% of total sales in 2014.

KEY INVESTMENT HIGHLIGHTS

METKA targets to exploit the opportunities arising from the expansion in regional growth markets with strong fundamentals.
