

Half Year Financial Report
(According to the article 5 of the Law 3556/2007)
1 January to 30 June 2013

*These financial statements have been translated from the original version in Hellenic.
In the event that differences exist between this translation and the original Hellenic language
financial statements, the Hellenic language financial statements will prevail over this document.*

FRIGOGLASS S.A.I.C.

Commercial Refrigerators

It is confirmed that the present Interim Financial Statements (**pages 2 - 60**) are compiled according to the Law **3556/2007** and the decision **4/507/28.04.2009** of the Hellenic Capital Market Commission and are the ones approved by the Board of Directors of “Frigoglass S.A.I.C.” on the **1st of August 2013**.

The present Interim Financial Statements of the period are available on the company’s website www.frigoglass.com , where they will remain at the disposal of the investing public for at least 5 years from the date of its publication.

TABLE OF CONTENTS

- A) Board of Directors Statement
- B) Board of Directors Report
- C) Auditors Review Report
- D) Financial Statements for the period 1st January to 30 June 2013
- E) Summary Financial Statements for the period 1st January to 30 June 2013

It is asserted that for the preparation of the Financial Statements the following are responsible:

The Chairman of the Board

Haralambos David

The Managing Director

Torsten Tuerling

The Group Chief Financial Officer

Panagiotis Tabourlos

The Head of Finance

Vassileios Stergiou

BOARD OF DIRECTORS STATEMENT
Regarding the Semi Annual Financial Statements for the year 2013
According to the Law 3556/2007

According to the Law 3556/2007, we state and we assert that from what we know of:

1. The Interim financial statements of the Group and the Company “Frigoglass S.A.I.C.” for the period 01.01.2013 - 30.06.2013, which were compiled according to the established accounting standards, describe in a truthful way the assets and the liabilities, the equity and the results of the Group and the Company, as well as the subsidiary companies which are included in the consolidation as a total, according to what is stated in the Law 3556/2007.
2. The report of the Board of Directors for the six months period presents in a truthful way the information that is required based on the Law 3557/2007.

Kifissia, August 1, 2013

The Chairman of the Board

The Managing Director

The Vice Chairman

Haralambos David

Torsten Tuerling

Ioannis Androutsopoulos

BOARD OF DIRECTORS REPORT

**Concerning the Interim Financial Statements for the period
1st January – 30th June 2013**

Kifissia, 1st of August 2013

Dear Shareholders,

According to the law 3556/2007 and the executive decisions of the Hellenic Capital Market Commission, we submit for the First Half of 2013 (1st January – 30th June 2013) the present semi-annual report of the board of Directors referring to the consolidated and parent company financial data.

1) Introduction to the company

Frigoglass is a strategic partner to beverage brands throughout the world. We are the global leader in the Ice Cold Merchandisers (ICM) market and the principal supplier of glass packaging in the high growth markets of West Africa.

Frigoglass has long-standing relationships with blue chip customers in the soft drinks and beverage industries. Our bespoke Ice Cold Merchandisers (beverage coolers) enhance our customers' beverage branding and trigger immediate beverage consumption. At the same time, our leading innovations in the field of green refrigeration enable our customers to meet their ambitious sustainability and carbon emissions reduction targets.

With a truly global footprint, Frigoglass is well established in the more mature European markets while it is evolving into an emerging markets champion. We efficiently support our customers around the world through manufacturing facilities in ten countries and an extensive network of sales and after-sales representatives in five continents.

In our glass bottle business, we are focused on the markets of Africa and the Middle East, which are a prime spot of investments for our customer base. We create value for our customers by building on our position as leading supplier of glass bottles and complementary packaging solutions in West Africa and the Middle East.

2) Important Events during First Half of 2013

Second Quarter 2013 Highlights

- Solid sales level, primarily driven by Glass business growth and Russia ICM business performance
- EBITDA margin improvement of 70 bps versus 2Q12
- Significantly lower cooler investments from Coca-Cola bottlers and volatility in Africa
- Continued execution on inventory reduction project resulted in 32% lower y-o-y inventory level
- Significant net debt reduction versus 1Q13; and, successful bank debt refinancing, with 5-yr €250 million Senior Notes

In a continued recessionary market in Europe, we reached Group sales close to last year's level, helped by a significantly stronger second versus first quarter in our key ICM market in Russia. However, lower sales in Africa on strong prior year comparables resulted in overall lower year-on-year 2Q13 sales in our cooler business.

Our Glass business continued demonstrating strong performance in the second quarter, delivering substantial sales growth and operating profit margin improvement. This is driven by our focus on turning around the Jebel Ali glass business as well as by the strong growth fundamentals in our primary market in Nigeria.

We are pleased with our second quarter EBITDA performance on the basis of an EBITDA margin improvement by 70 bps year-on-year. We continued to deliver a significant inventory reduction, achieving a 32% year-on-year improvement. We also strengthened our balance sheet by reducing net debt 12% on 1Q13 levels and the successful launch of a €250 million bond has extended our debt maturity profile.

Business Review

3.1) Operational Review

With our Strategic Priority Projects our objectives are to further strengthen our position as a Strategic Partner of Global Beverage Brands; enhance the robustness of our business model; improve profit margins and, significantly enhance cash flow generation. In the second quarter of 2013, we continued to make good progress on each of our four strategic priority projects.

1. Our continued focus on Inventory management in 2Q delivered a strong year-on-year inventory reduction of 32% and 22% versus 1Q13; reaching a record low level over the last four years, on a comparable basis. After the successful pilot implementations in 1Q, we are now globally rolling out world class inventory management practices and tools. This process is targeted to be fully completed by the end of 2014.
2. In 2Q, we completed the first phase of our **Product Cost Optimization** project. We validated the roadmap to achieve our medium and long term cost saving targets. In the ongoing next phase, we will accelerate the capture of the identified “Quick Wins”, while continuing the component harmonization process and developing the winning innovative modular product range.
3. The pilot implementation of our **Lean manufacturing project** in Romania progressed well in 2Q, leading the way in our Lean transformation journey towards a step change in productivity and efficiency. Our focus on **Operational Excellence** was instrumental to achieve in all our plants improvements in the quarter, across all key Quality metrics, versus the prior year quarter.
4. Regarding the **Turnaround of recently entered markets**, we continue to make good progress in the Jebel Ali glass business with a strong year-on-year sales growth of 137% in 2Q. In our cooler plant in Turkey, we achieved a solid profitability improvement on better productivity and overall cost reductions. On the other hand, our US operations continued to significantly dilute our results in the quarter despite higher year-on-year sales. Furthermore, in the highly competitive market of China, operating profitability was negatively affected in the quarter due to significantly lower year-on-year volume. We remain committed to provide a solution for all dilutive entities by the end of 2014.

3.2) Operational Review by Key Operations

Cool Operations

€ 000's	2Q13	2Q12	Change, %	1H13	1H12	Change, %
Sales	139,145	155,788	-10.7%	247,639	288,589	-14.2%
EBITDA	19,314	21,814	-11.5%	31,076	39,106	-20.5%
EBITDA Margin, %	13.9%	14.0%	-0.1pp	12.5%	13.6%	-1.1pp
Operating Profit (EBIT)	14,160	16,983	-16.6%	21,390	30,023	-28.8%
Net Profit ¹	5,052	8,654	-41.6%	6,995	15,326	-54.4%
Capital Expenditure	2,126	4,307	-50.6%	3,192	7,609	-58.0%

¹ Net Profit after minority interest

Cool Operation's sales in the quarter declined by 10.7% to €139.2 million, driven by significantly lower sales to Coca-Cola bottlers. Sales to Coca-Cola Hellenic declined by 25.4% to €30.8 million, predominantly driven by lower sales in Western European countries. Furthermore, sales to other Coca-Cola bottlers declined by 40.3% to €31.2 million, primarily reflecting a reduction in capital expenditure in the quarter by the customer group. However, sales in the brewery segment increased by 38% to €45.4 million and reflect higher orders in Russia, Turkey, South Africa and solid growth in Nigeria. Following a very strong first quarter, the all other customers group grew 8.3% to €31.7 million on increased orders in Indonesia, Poland and the US.

In terms of sales by geography, Eastern Europe's top-line was broadly in-line with the prior year quarter at €59.4 million, significantly improving from 1Q13 levels, following Russia's sales recovery to last year's level. Sales in Western Europe declined by 25.6% to €20.5 million and reflect the challenging economic backdrop in key countries such as Greece and Italy. North America's sales were up by 40.3% to €6.8m, driven by further market share gains. Sales in the Africa and Middle East region declined by 33.4% to €20.1 million. This reflects a significant reduction in orders by certain Coca-Cola bottlers in the period and strong comparables in the prior year. Our business in Asia and Oceania saw sales marginally decline by 1.7% to €32.3 million, driven by lower sales in the Philippines, China and Australia.

Broadly in line with the sales reduction, EBITDA declined by 11.5% in the quarter to €19.3 million, with the respective margin settling at 13.9%, compared to 14% in 2Q12. EBITDA margin was negatively impacted by lower sales and an unfavourable product mix effect; partially offset by significant lower operating expenses on strong cost curtailment.

Our North American operations continued to dilute our profitability margin, with a negative impact of around 110 basis point on our EBITDA margin in the second quarter. China's operating profitability was impacted by the negative operating leverage of lower volumes.

Following a 6.7% increase in depreciation charges to €5.2 million, Operating Profit (EBIT) declined by 16.6% to €14.2 million. Net profit reached €5.1 million in 2Q13, from €8.7 million the prior year quarter, also driven by a higher effective tax rate.

Glass Operations

€ 000's	2Q13	2Q12	Change, %	1H13	1H12	Change, %
Sales	33,233	23,300	42.6%	65,358	49,616	31.7%
EBITDA	8,036	5,341	50.5%	16,542	12,379	33.6%
EBITDA Margin, %	24.2%	22.9%	1.3pp	25.3%	24.9%	0.4pp
Operating Profit (EBIT)	4,164	1,608	159%	8,787	5,124	71.5%
Net Profit ¹	1,193	0,007	n.m.	2,876	1,095	162.5%
Capital Expenditure	3,213	3,827	-16%	4,519	11,200	-59.7%

¹ Net Profit after minority interest

Our overall Glass business delivered a strong performance, led by our focus to turnaround the Jebel Ali business and continuing strong growth in our primary market in Nigeria. Driven by our customers' business development efforts to support volume growth, our Nigeria operations' sales grew 22.6% in the second quarter to €23.6 million. Following the broadening of our customer base and product portfolio, our Dubai-based glass container business delivered a more than two-fold increase in sales for the quarter to €9.6 million.

Second quarter EBITDA increased by 50.5% to €8.0 million, while EBITDA margin expanded by approximately 130 basis points to 24.2%. This margin performance reflects improved capacity utilisation in our glass related activities due to higher volume, resulting in a lower production cost per ton, improved pack-to-melt efficiency rates as well as higher absorption of operating expenses and lower selling expenses relative to the prior year quarter. The turnaround of Jebel Ali is progressing in line with our plan, with operating profitability significantly improving in the quarter.

After a 3.7% increase in depreciation charges to €3.9 million, Operating Profit (EBIT) improved to €4.2 million compared to €1.6 million in 2Q12. Net Profit reached €1.2 million in the quarter, compared to breakeven result the prior year quarter, burdened by higher year-on-year net finance charges.

3.3) Financial Review

Summary Profit and Loss Account

Financial Results

€ 000's	2Q13	2Q12	Change, %	1H13	1H12	Change, %
Sales	172,378	179,088	-3.7%	312,997	338,205	-7.5%
EBITDA	27,350	27,155	0.7%	47,618	51,485	-7.5%
EBITDA Margin, %	15.9%	15.2%	0.7pp	15.2%	15.2%	0.0pp
Operating Profit (EBIT)	18,324	18,591	-1.4%	30,177	35,147	-14.1%
Net Profit ¹	6,245	8,661	-27.9%	9,871	16,421	-39.9%
Inventories	—	—	—	121,492	178,872	-32.1%

¹ Net Profit attributable to shareholders

The Group's net sales decreased by 3.7% in the second quarter to €172.4 million. While sales in Eastern Europe were broadly flat year-on-year, the second quarter represented a significant improvement on 1Q13 after a strong recovery in Russia, whereas Western Europe's performance continued to suffer from difficult market conditions in Italy and Greece. A temporary reduction of cooler investments from Coca-Cola bottlers significantly impacted our sales performance in Africa and Asia/Oceania. In North America, sales were higher year-on-year in the quarter as we continued to gain market share. Our Glass business performed exceptionally well, driven by strong sales growth in our Jebel Ali glass business and continued growth fundamentals in West Africa.

Gross profit (excluding depreciation) dropped by 7% in the quarter to €40 million. This represent a margin decline of around 80 basis point year-on-year to 23.2% and reflects a lower cost absorption in the quarter and an unfavourable product mix effect, more than offsetting productivity improvements. Following strong focus on cost reduction initiatives, operating expenses (excluding depreciation) declined by 16% to €13.6 million; and, respectively, by 115 basis points year-on-year to 7.9% of sales, reflecting savings achieved from the consolidation of our sales administration function in Europe and further efficiency improvements across our organization.

EBITDA in the second quarter amounted to €27.4 million, up 0.7% year-on-year, with the respective margin improving by 70 basis points to 15.9%. EBITDA margin in our Cooler business was impacted by lower sales and an unfavourable product mix effect. Our operations in the US had a dilutive effect of about 95 basis points on EBITDA margin in the quarter. Group EBITDA margin benefited from a significant improvement in our Glass business as well as overhead cost savings and lower warranty-related costs. After a 5.4% rise in depreciation charges, Operating Profit (EBIT) settled at €18.3 million, marginally below prior year's quarter EBIT of €18.6 million.

Net finance costs were €8 million, a 36.2% increase on the prior year's €5.8 million, mainly as a result of a higher effective interest rate following the refinancing of €250 million of our debt and third-party fees related to the transaction. Net finance costs were also inflated by net foreign exchange losses, versus gains in 2Q12. The effective tax rate for the quarter was 29.2%, compared with a rate of 28.3% in the prior year quarter. The increase in the effective tax rate mainly results from the change in the country mix of taxable profits, primarily led by the lower contribution of Russia. Net Profits settled at €6.2 million, compared to €8.7 million in 2Q12, also driven by higher year-on-year minorities due to increased profitability of our Nigerian glass business in the quarter.

Capital expenditure amounted to €5.3 million in the second quarter, 34.4% lower than the same period last year. We continued to focus our investments to support future growth and in projects aiming to deliver efficiency improvements. Net working capital amounted to €196.3 million at the end of 2Q13 compared to €216.9 million in 1Q13. This improvement is despite the higher level of receivables in the quarter. Our strong focus on reducing inventory level continued to deliver results, recording €34.9 million less inventory value in the quarter versus 1Q13 and €57.4 million below the end of 2Q12. Net debt reduced by €34.9 million to €257.3 million at the end of the second quarter, compared to 1Q13 levels. As the first half of the year is typically seasonally strong, with working capital at peak levels, we expect net debt to further decline by the year-end.

In May 2013, we successfully refinanced our bank debt through the issuance of €250 million Senior Notes maturing in 2018 at a fixed annual coupon of 8.25%. This extended the maturity profile of our debt. As at 30 June, 2013, around 80% of our gross debt was long-term borrowings.

4) Parent Company Financial Data

The Company's Net Sales have been decreased by 62.6% y-o-y to € 14.7 mil.

Gross Profit have been decreased by 70.2 % to € 1.2 mil compared to previous year that was € 3.9 mil.

Profit Before Interest Tax & Depreciation reached the amount of € 4 mil., being increased by 4.8% compared to the previous year.

Losses after Tax reached € - 1 mil compared to previous year losses of € - 0.2 mil.

5) Main Risks and uncertainties

Raw Material Price Volatility

Raw material costs headwinds as copper, steel, aluminium and PVC are our main raw materials and therefore we have adopted policies to mitigate this risk.

We negotiate volume, not just price.

We keep strategic inventory reserves at the supplier, at our plants, and in finished goods, to guarantee availability.

We set up contracts with suppliers that are long enough to satisfy production plans but short enough to permit adjustment if prices start to decline.

In addition, at the second quarter of 2009 we have entered into commodities derivative financial instruments in order to hedge its exposure from changes in the prices of raw materials for purchases that will take place in 2010 and onwards.

Product Demand

Due to possible demand slowdown for ICM's arising from global economic uncertainties we expand business into new markets and attract new customers in existing markets.

The current economic situation could lead to reduced demand for our products, or reductions in the prices of our products, or both, which would have a negative impact on our financial position, results of operations and cash flows.

FX rate exposure

The Group/Company operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the US dollar, Nigerian naira, South African rand, Indian rupee, Norwegian Krone, Swedish Krona, Russian ruble and the Chinese Yuan.

Entities in the Group use natural hedging, transacted with the Group Treasury, to hedge their exposure to foreign currency risk in connection with the presentation currency.

Liquidity Risk:

The prudent management of liquidity is achieved through the appropriate combination of cash and cash equivalents and approved bank credit.

The Group manages the risks which may arise due to insufficient liquidity by procuring that guaranteed bank credit is always available for use. The existing available and unused approved bank credit extended to the Group is sufficient to face any potential cash flow shortage.

Significant customer dependency

Significant customer dependence on CCH. Efforts during the past year have reduced our dependency. There is a continuous ongoing effort to broaden our client base.

Political instability in emerging markets

Political instability related to following risks: penetration of organized crime in the global economy increases significantly over a 10-year period, weakening state authority, worsening the investment climate and slowing growth, multiple developed economies take steps (tariffs, WTO disputes) which retard existing trade and further undermine talks on increased global integration and multiple significant emerging economies advance policies that harm foreign direct investment and slow the engine of global growth.

Risk of natural disasters mostly in S.E. Asia (lack of infrastructure)

Extreme weather events linked to climate change and other natural disasters (i.e. earthquakes) will impact businesses and society at large.

We are adopting full business continuity plans to protect against business interruption arising from natural disasters.

Nigeria Division

Nigeria division encounters the following risks: customs related restrictions which imply the risk of delay in imports of raw materials, raw material price pressure, associated with glass (natural gas) as it is the main energy source for all of our three plants, and soda ash, raw material for our glass companies and freight cost increase.

6) Business Outlook

For the second half of the year, we expect Group sales modestly above last year's level. In an overall recessionary environment in Europe and volatile conditions in Asia and Africa, we expect to achieve sales growth in our ICM business in the second half. As we expect markets for the Cooler business to remain challenging, we will accelerate our efficiency and cost saving programmes.

In our Glass business, we expect sales to continue growing in the second half, but at a much slower pace than the first half. We expect continuing improvements in Jebel Ali's operating profitability, driven by an increase in volume and further efficiency improvements.

For the full year, we continue to expect improved EBITDA versus the prior year. Our continuing focus on working capital management, together with prudent capital spending, will contribute to a further reduction of our net debt by the year-end. Despite the current market volatility, the growth fundamentals of our markets remain attractive and we will continue to benefit from our strong position as market and innovation leader in our industry. Execution and delivery on our Strategic Priority Projects will drive profitability and cash flow improvements in our business and form the basis for long-term profitable growth.

7) Events after balance sheet date and other information

There are no post-balance events which are likely to affect the financial statements or the operations of the Group and the Parent company.

8) Important Transactions with Related Parties

Related Party Transactions:

The most important transactions of the Company with parties related to it, in the sense used in International Accounting Standard 24, are the transactions carried out with its subsidiaries (enterprises related to it in the sense used in article 42e of Codified Law 2190/1920), which are listed in the following table:

Report on Review of Interim Financial Information**

To the Shareholders of Frigoglass S.A.I.C.

Introduction

We have reviewed the accompanying condensed separate and consolidated balance sheet of Frigoglass S.A.I.C. and its subsidiaries as of 30 June 2013 and the related condensed separate and consolidated statements of income and comprehensive income, changes in equity and cash flows for the six-month period then ended and the selected explanatory notes, that comprise the interim condensed financial information and which form an integral part of the six-month financial report as required by L.3556/2007. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Financial Reporting Standards as they have been adopted by the European Union and applied to interim financial reporting (International Accounting Standard “IAS” 34). Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34.

Reference to Other Legal and Regulatory Requirements

Our review has not revealed any inconsistency or discrepancy of the other information of the six-month financial report, as required by article 5 of L.3556/2007, with the accompanying interim condensed financial information.

Frigoglass Group
Commercial Refrigerators
G.E.MI: 1351401000

Notes to the financial statements

1. General Information

These financial statements include the financial statements of the Parent Company FRIGOGLASS S.A.I.C. (the “Company”) and the consolidated financial statements of the Company and its subsidiaries (the “Group”). The names of the subsidiaries are presented in **Note 14** of the financial statements.

Frigoglass S.A.I.C. and its subsidiaries are engaged in the manufacturing, trade and distribution of commercial refrigeration units and packaging materials for the beverage industry. The Group has manufacturing plants and sales offices in Europe, Asia, Africa and America.

The Company is a limited liability company incorporated and based in Kifissia, Attica. The Company’s shares are listed on the Athens Stock Exchange.

The address of its registered office is:

15, A. Metaxa Street
GR 145 64, Kifissia
Athens, Hellas

The company’s web page is: www.frigoglass.com

The financial statements have been approved by the Board of Directors on **1st August 2013**.

2. Basis of Preparation

This condensed interim financial information for the **six months ended 30 June 2013** has been prepared in accordance with International Financial Reporting Standards (“IFRS”) as adopted by the European Union and specifically in terms of IAS 34, ‘Interim financial reporting.

The interim condensed financial report should be read in conjunction with the annual financial statements for the year ended **31 December 2012** that is available on the company’s web page www.frigoglass.com.

3 Principal accounting policies

The accounting policies adopted in preparing this condensed interim financial information are consistent with those described in the Company and Group annual financial statements for the year ended **31 December 2012**.

There have been no changes in the accounting policies used from those that were used for the preparation of the annual financial statements prepared by the Company and the Group for the year ended **31 December 2012**.

All International Financial Reporting Standards issued by the IASB and effective at the time of preparing these financial statements have been adopted by the European Commission through the endorsement procedure established by the European Commission, with the exception of certain provisions of International Accounting Standard 39 “Financial Instruments: Recognition and Measurement” relating to portfolio hedging of core deposits.

Since the Group and the Company are not affected by the provisions regarding portfolio hedging that are not required by the EU-endorsed version of IAS 39, the accompanying financial statements comply with both IFRS as adopted by the EU and IFRS issued by the IASB.

The financial statements have been prepared under the historical cost convention with the exception of derivative financial instruments that are measured at fair value.

The preparation of these interim financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise judgement in the process of applying the accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 4.

New standards, amendments to standards and interpretations: Certain new standards, amendments to standards and interpretations have been issued that are mandatory for periods beginning during the current financial year and subsequent years. The Group’s evaluation of the effect of these new standards, amendments to standards and interpretations is as follows:

Standards and Interpretations effective for the current financial year

IAS 1 (Amendment) “Presentation of Financial Statements”

The amendment requires entities to separate items presented in other comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future.

IAS 19 (Amendment) “Employee Benefits”

This amendment makes significant changes to the recognition and measurement of defined benefit pension expense and termination benefits (eliminates the corridor approach) and to the disclosures for all employee benefits. The key changes relate mainly to recognition of actuarial gains and losses, recognition of past service cost / curtailment, measurement of pension expense, disclosure requirements, treatment of expenses and taxes relating to employee benefit plans and distinction between “short-term” and “other long-term” benefits.

IAS 12 (Amendment) “Income Taxes”

The amendment to IAS 12 provides a practical approach for measuring deferred tax liabilities and deferred tax assets when investment property is measured using the fair value model in IAS 40 “Investment Property”.

IFRS 13 “Fair Value Measurement”

IFRS 13 provides new guidance on fair value measurement and disclosure requirements. These requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs. IFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. Disclosure requirements are enhanced and apply to all assets and liabilities measured at fair value, not just financial ones.

IFRS 7 (Amendment) “Financial Instruments: Disclosures”

The IASB has published this amendment to include information that will enable users of an entity’s financial statements to evaluate the effect or potential effect of netting arrangements, including rights of set-off associated with the entity’s recognised financial assets and recognised financial liabilities, on the entity’s financial position.

IFRIC 20 “Stripping costs in the production phase of a surface mine”

This interpretation sets out the accounting for overburden waste removal (stripping) costs in the production phase of a mine. The interpretation may require mining entities to write off existing stripping assets to opening retained earnings if the assets cannot be attributed to an identifiable component of an ore body. IFRIC 20 applies only to stripping costs that are incurred in surface mining activity during the production phase of the mine, while it does not address underground mining activity or oil and natural gas activity.

Amendments to standards that form part of the IASB's 2011 annual improvements project

The amendments set out below describe the key changes to IFRSs following the publication in May 2012 of the results of the IASB's annual improvements project.

IAS 1 “Presentation of financial statements”

The amendment clarifies the disclosure requirements for comparative information when an entity provides a third balance sheet either (a) as required by IAS 8 “Accounting policies, changes in accounting estimates and errors” or (b) voluntarily.

IAS 16 “Property, plant and equipment”

The amendment clarifies that spare parts and servicing equipment are classified as property, plant and equipment rather than inventory when they meet the definition of property, plant and equipment, i.e. when they are used for more than one period.

IAS 32 “Financial instruments: Presentation”

The amendment clarifies that income tax related to distributions is recognised in the income statement and income tax related to the costs of equity transactions is recognised in equity, in accordance with IAS 12.

IAS 34, ‘Interim financial reporting’

The amendment clarifies the disclosure requirements for segment assets and liabilities in interim financial statements, in line with the requirements of IFRS 8 “Operating segments”.

Standards and Interpretations effective for periods beginning on or after 1 January 2014

IFRS 9 “Financial Instruments” (effective for annual periods beginning on or after 1 January 2015)

IFRS 9 is the first Phase of the Board's project to replace IAS 39 and deals with the classification and measurement of financial assets and financial liabilities. The IASB intends to expand IFRS 9 in subsequent phases in order to add new requirements for impairment and hedge accounting. The Group is currently investigating the impact of IFRS 9 on its financial statements. The Group cannot currently early adopt IFRS 9 as it has not been endorsed by the EU. Only once approved will the Group decide if IFRS 9 will be adopted prior to 1 January 2015.

IFRS 7 (Amendment) “Financial Instruments: Disclosures” (effective for annual periods beginning on or after 1 January 2015)

The amendment requires additional disclosures on transition from IAS 39 to IFRS 9. The amendment has not yet been endorsed by the EU.

IAS 32 (Amendment) “Financial Instruments: Presentation” (effective for annual periods beginning on or after 1 January 2014)

This amendment to the application guidance in IAS 32 clarifies some of the requirements for offsetting financial assets and financial liabilities on the statement of financial position.

Group of standards on consolidation and joint arrangements (effective for annual periods beginning on or after 1 January 2014)

The IASB has published five new standards on consolidation and joint arrangements: IFRS 10, IFRS 11, IFRS 12, IAS 27 (amendment) and IAS 28 (amendment). These standards are effective for annual periods beginning on or after 1 January 2014. Earlier application is permitted only if the entire “package” of five standards is adopted at the same time. The Group is in the process of assessing the impact of the new standards on its consolidated financial statements. The main provisions are as follows.

IFRS 10 “Consolidated Financial Statements”

IFRS 10 replaces all of the guidance on control and consolidation in IAS 27 and SIC 12. The new standard changes the definition of control for the purpose of determining which entities should be consolidated. This definition is supported by extensive application guidance that addresses the different ways in which a reporting entity (investor) might control another entity (investee). The revised definition of control focuses on the need to have both power (the current ability to direct the activities that significantly influence returns) and variable returns (can be positive, negative or both) before control is present. The new standard also includes guidance on participating and protective rights, as well as on agency/ principal relationships.

IFRS 11 “Joint Arrangements”

IFRS 11 provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form. The types of joint arrangements are reduced to two: joint operations and joint ventures. Proportional consolidation of joint ventures is no longer allowed. Equity accounting is mandatory for participants in joint ventures. Entities that participate in joint operations will follow accounting much like that for joint assets or joint operations today. The standard also provides guidance for parties that participate in joint arrangements but do not have joint control.

IFRS 12 “Disclosure of Interests in Other Entities”

IFRS 12 requires entities to disclose information, including significant judgments and assumptions, which enable users of financial statements to evaluate the nature, risks and financial effects associated with the entity’s interests in subsidiaries, associates, joint arrangements and unconsolidated structured entities. An entity can provide any or all of the above disclosures without having to apply IFRS 12 in its entirety, or IFRS 10 or 11, or the amended IAS 27 or 28.

IAS 27 (Amendment) “Separate Financial Statements”

This Standard is issued concurrently with IFRS 10 and together, the two IFRSs supersede IAS 27 “Consolidated and Separate Financial Statements”. The amended IAS 27 prescribes the accounting and disclosure requirements for investment in subsidiaries, joint ventures and associates when an entity prepares separate financial statements. At the same time, the Board relocated to IAS 27 requirements from IAS 28 “Investments in Associates” and IAS 31 “Interests in Joint Ventures” regarding separate financial statements.

IAS 28 (Amendment) “Investments in Associates and Joint Ventures”

IAS 28 “Investments in Associates and Joint Ventures” replaces IAS 28 “Investments in Associates”. The objective of this Standard is to prescribe the accounting for investments in associates and to set out the requirements for the application of the equity method when accounting for investments in associates and joint ventures, following the issue of IFRS 11.

IFRS 10, IFRS 11 and IFRS 12 (Amendment) “Consolidated financial statements, joint arrangements and disclosure of interests in other entities: Transition guidance” (effective for annual periods beginning on or after 1 January 2014)

The amendment to the transition requirements in IFRSs 10, 11 and 12 clarifies the transition guidance in IFRS 10 and limits the requirements to provide comparative information for IFRS 12 disclosures only to the period that immediately precedes the first annual period of IFRS 12 application. Comparative disclosures are not required for interests in unconsolidated structured entities.

IFRS 10, IFRS 12 and IAS 27 (Amendment) “Investment entities” (effective for annual periods beginning on or after 1 January 2014)

The amendment to IFRS 10 defines an investment entity and introduces an exception from consolidation. Many funds and similar entities that qualify as investment entities will be exempt from consolidating most of their subsidiaries, which will be accounted for at fair value through profit or loss, although controlled. The amendments to IFRS 12 introduce disclosures that an investment entity needs to make. These amendments have not yet been endorsed by the EU.

IAS 36 (Amendment) “Recoverable amount disclosures for non-financial assets”
(effective for annual periods beginning on or after 1 January 2014)

This amendment requires: a) disclosure of the recoverable amount of an asset or cash generating unit (CGU) when an impairment loss has been recognised or reversed and b) detailed disclosure of how the fair value less costs of disposal has been measured when an impairment loss has been recognised or reversed. Also, it removes the requirement to disclose recoverable amount when a CGU contains goodwill or indefinite lived intangible assets but there has been no impairment. This amendment has not yet been endorsed by the EU.

IFRIC 21 “Levies” (effective for annual periods beginning on or after 1 January 2014)

This interpretation sets out the accounting for an obligation to pay a levy imposed by government that is not income tax. The interpretation clarifies that the obligating event that gives rise to a liability to pay a levy (one of the criteria for the recognition of a liability according to IAS 37) is the activity described in the relevant legislation that triggers the payment of the levy. The interpretation could result in recognition of a liability later than today, particularly in connection with levies that are triggered by circumstances on a specific date. This interpretation has not yet been endorsed by the EU.

IAS 39 (Amendment) “Financial Instruments: Recognition and Measurement”
(effective for annual periods beginning on or after 1 January 2014)

This amendment will allow hedge accounting to continue in a situation where a derivative, which has been designated as a hedging instrument, is novated to effect clearing with a central counterparty as a result of laws or regulations, if specific conditions are met. This amendment has not yet been endorsed by the EU.

4 Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under current circumstances.

4.1 Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year concern income tax.

4.1.1 Income Taxes

The Group is subject to income taxes in numerous jurisdictions. Significant judgement is required by the Group Management in determining the worldwide provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain. If the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax.

4.1.2 Estimated impairment of goodwill

The Group tests annually whether goodwill has suffered any impairment, in accordance with the accounting policy stated in Note 2.6.1. of the annual financial statements. The recoverable amounts of cash-generating units have been determined based on value-in-use calculations. These calculations require the use of estimates (see Note 7).

4.1.3. Estimated impairment of investments

The Group's investments in subsidiaries are tested for impairment when indications exist that its carrying value may not be recoverable. The recoverable amount of the investments in subsidiaries is determined on a value in use basis, which requires the use of assumptions as is further described in **note 14**.

4.1.4. Estimation of useful lives of fixed assets

The Group assesses on an annual basis, the useful lives of its property, plant and equipment and intangible assets. These estimates take into account the relevant operational facts and circumstances, the future plans of Management and the market conditions that exist as at the date of the assessment.

4.1.5. Provision for doubtful debts

The provision for doubtful debts has been based on the outstanding balances of specific debtors after taking into account their ageing and the agreed credit terms. This process has excluded receivables from subsidiaries as Management is of the view that these receivables are not likely to require an impairment provision. The analysis of the provision is presented in **note 9**.

4.1.6. Staff retirement benefit obligations

The present value of the retirement benefit obligations depend on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the relevant obligation comprises the discount rate, the expected return on plan assets, the rate of compensation increase, the rate of inflation and future estimated pension increases. Any changes in these assumptions will impact the carrying amount of the retirement benefit obligations. The Group determines the amount of the retirement benefit obligations using suitably qualified independent actuaries at each year-end's balance sheet date.

4.2 Critical judgements in applying the entity's accounting policies

There are no areas that Management required to make critical judgements in applying accounting policies.

Note 5 - Segment Information

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. Taking into account the above, the categorization of the Group's operations in business segments is the following:

- Ice Cold Merchandise (ICM) Operations
- Glass Operations

The consolidated Balance Sheet and the Income Statement per business segment are presented below:

a) Analysis per business segment :

There are no pledged assets for the Parent Company as at 30.06.2013 and 31.12.2012.

The Parent Company has proceeded to test for impairment its manufacturing operations in Greece as at 31.12.2012.

The recoverable amount of this operation is determined by calculating its value in use that is based on cash flow projections derived from the operation's financial budgets that have been approved by management and which cover a five year forecast period.

Following the completion of the value in use calculation, the Parent Company's management concluded that no impairment is necessary as at 31 December 2012. The key assumptions for the value in use calculations are as follows:

Discount rate (pre-tax): 15%, Gross margin: 12%-16% , Perpetuity growth rate: 2%

Goodwill is tested annually for impairment and carried at cost less accumulated impairment losses. At each balance sheet date the Group performs an analysis to assess whether the carrying amount of goodwill is recoverable. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is performed on the cash-generating units that are expected to benefit from the acquisition from which goodwill was derived.

The existing goodwill, which resulted from the business combination of Frigoglass Turkey Soğutma Sanayi İç ve Dış Ticaret Anonim Şirketi (Istanbul, Turkey), Frigoglass North America Ltd. Co, Baffington Road LLC (South Carolina, America) and Frigoglass Jebel Ali FZCO (Dubai), has been allocated to cash generating units related to the Group's operations in Turkey, America and Dubai for the respective subsidiaries.

The recoverable amounts of cash-generating units have been determined based on value-in-use calculations. These calculations are based on cash flow projections, prepared as at **31 December 2012**, which require the use of estimates approved by Management and covering a five year period.

The key assumptions used for the Value-in-use calculation are as follows:
Discount rate (pre-tax): 12%-16%, Gross margins: 9%-18% , Perpetuity growth rate: 2%

As at **31 December 2012**, if any of the assumptions used were 10% lower or higher, the Group would not need to reduce the carrying value of goodwill.

Total	175.512	108.453	15.374	17.031

The fair value of trade debtors closely approximates their carrying value. The Group and the Company have a significant concentration of credit risk with specific customers.

The customers of Frigoglass comprise large international groups like Coca - Cola Hellenic, Coca - Cola Amatil, Coca Cola India, other Coca - Cola bottlers, Diageo - Guinness, Heineken , Efes Group. The Group does not require its customers to provide any pledges or collaterals given the high calibre and international reputation of its customer portfolio.

Management does not expect any losses from non performance of trade receivables, other than provides for as at **30.06.2013**.

Analysis of provisions for trade receivables:

	Consolidated		Parent Company

In May 2013, the Company announced that its subsidiary Frigoglass Finance B.V. successfully issued €250,000,000 Senior Notes due on May 15, 2018 (the "Notes"), at a fixed coupon of 8.25% per annum and at an issue price of 100%. The issue was finalized on May 20, 2013.

The proceeds from the issue were used to refinance existing Group facilities and pay the fees and expenses related to the offering and sale of the Notes.

This landmark transaction has given Frigoglass access to the international debt capital market as it diversifies the Group's sources of funding, extends its debt maturity profile and provides the Group with financial stability that will allow it to focus on operational improvements in its business.

In addition, Frigoglass Finance B.V. has signed credit revolving facilities for a total amount of €50 million with a three year maturity.

Both the Notes and the credit revolving facilities are fully and unconditionally guaranteed on a senior unsecured basis by Frigoglass S.A.I.C., Frigoinvest Holdings B.V. (the direct parent company of the Issuer) and by the following subsidiaries of Frigoinvest Holdings B.V.: Beta Glass Plc, Frigoglass Eurasia LLC, PT Frigoglass Indonesia, Frigoglass Industries (Nigeria) Ltd, Frigoglass Jebel Ali FZCO, Frigoglass North America Ltd. Co., Frigoglass Turkey Soğutma Sanayi İç ve Dış Ticaret A.Ş., Frigoglass South Africa Ltd and Frigoglass Romania SRL.

The fair value of current and non-current borrowings closely approximates their carrying value. With the exception of the Notes, the Group borrows at floating interest rates, which are renegotiated in periods shorter than six months. With regards to the Notes, despite the fact that were issued at a fixed annual coupon of 8.25%, at the balance sheet date their market return is close to the the fixed annual interest coupon.

There are no pledged assets for the Group as at **30.06.2013** (31.12.2012: € 3.2 mil).

There are no pledged assets for the Parent Company as at **30.06.2013** and **31.12.2012**.

The Notes are subject to restrictive covenants while for the revolving credit facility, the Group is required to comply with financial covenants relating to its solvency, profitability and liquidity as described below:

- a) Net debt to EBITDA
- b) EBITDA to net interest
- c) Amount of capital expenditure

Note 14 - Investments in subsidiaries

	Parent Company	
	30.06.2013	31.12.2012
	Net book value	Net book value
Coolinvest Holdings Limited (Cyprus)	-	43.813
Frigorex Cyprus Limited (Cyprus)	-	482
Frigoinvest Holdings B.V (The Netherlands)	58.045	13.750
Total	58.045	58.045

In March 2013, the Parent Company participated 100% in the share capital increase of Frigoinvest Holdings B.V. by contributing its whole shareholding in its subsidiaries Frigorex Cyprus Limited and Coolinvest Holdings Limited.

In its separate financial statements, the Parent Company accounts for investments in subsidiaries at historic cost less any impairment losses.

Following on from the impairment tests that the Group has performed as at **31 December 2012** on its operating activities in Hellas (see note 6) and its operating activities in Turkey, Dubai and America (see note 7), the Group has also test for impairment its participation in the company Frigoglass (Guangzhou) Ice Cold Equipment Co. Ltd. which represents the Group's activities in China.

The recoverable amount of this operation is determined by calculating its value in use that is based on cash flow projections derived from the operation's financial budgets that have been approved by management and which cover a five year forecast period.

Following the completion of the value in use calculation, the Parent Company's management concluded that no impairment is necessary as at **31 December 2012**. The key assumptions for the value in use calculations are as follows:

Discount rate (pre-tax): 15%, Gross margin: 9%-18%, Perpetuity growth rate: 2%

Balance at 30.06.2013	-	-

c) Dividends

Dividends are recorded in the financial statements, as a liability, in the period in which they are approved by the Shareholders Meeting.

d) Share options:

i) The Annual General Assembly of June 8, 2007 approved a share option plan with beneficiaries members of the Company's BoD, employees of the Company and employees of the Company's affiliates in replacement of the previous Phantom option plan.

According to the above General Assembly resolution, a maximum of 428,870 share options were approved, each corresponding to one (1) ordinary share of the Company.

ii) The Annual General Assembly of June 5, 2009 approved a share option plan with beneficiaries members of the Company's BoD, employees of the Company and employees of the Company's affiliates.

According to the above General Assembly resolution, a maximum of 500,000 share options were approved, each corresponding to one (1) ordinary share of the Company.

iii) The Annual General Assembly of May 14, 2010 approved a share option plan with beneficiaries members of the Company's BoD, employees of the Company and employees of the Company's affiliates.

According to the above General Assembly resolution, a maximum of 600,000 share options were approved, each corresponding to one (1) ordinary share of the Company.

iv) On 14/12/2011 Frigoglass Board of Directors resolved to adjust of the approved share options price for option holders pursuant to the Company's share option plan, following the decision of the Annual General Meeting at 31/5/2011 to modify the company's share capital.

According to the aforementioned decision, the Board of Directors also decided the increase of the stock option rights by 25%, in line with the bonus share issue of one new share for every four existing shares.

v) The Annual General Assembly of May 29, 2012 approved a share option plan with beneficiaries members of the Company's BoD, employees of the Company and employees of the Company's affiliates.

According to the above General Assembly resolution, a maximum of 600,000 share options were approved, each corresponding to one (1) ordinary share of the Company.

Note 15 - Share capital, treasury shares, dividends & share options (continued)

The following table summarizes information for share option plan:

Program of options	Start of exercise period	Expiry date	Number of options issued	Number of options exercised/cancelled	Number of outstanding options
Program approved by BoD on 02.08.2007

A statutory reserve is created under the provisions of Hellenic law (Law 2190/20) according to which, an amount of at least 5% of the profit (after tax) for the year must be transferred to this reserve until it reaches one third of the paid up share capital. The statutory reserve can not be distributed to the shareholders of the Company except for the case of liquidation.

The share option reserve refers to a share option program with beneficiaries the Company's BoD and employees and is analyzed in Note 15 of the annual financial statements.

The Company has created tax free reserves, taking advances off various Hellenic Taxation laws, during the years, in order to achieve tax deductions, either

- by postponing the tax liability till the reserves are distributed to the shareholders, or
- by eliminating any future income tax payment by issuing new shares for the shareholders of the company.

Should the reserves be distributed to the shareholders as dividends, the distributed profits will be taxed with the rate that will be in effect at the time of the profits distributions.

No provision has been created in regard to the possible income tax liability in the case of such a future distribution of the reserves the shareholders of the company as such liabilities are recognized simultaneously with the dividends distribution.

Net finance cost / <income>	12.494	11.742	3.134	2.751

Note 18 - Income Tax

The tax rates in the countries where the Group operates are between **0%** and **38.3%**.

Some of non deductible expenses and the different tax rates in the countries that the Group operates, create an effective tax rate for the Group of 32,44% (Hellenic taxation rate is 26%)

In January 2013, the Hellenic government published a law according to which the tax rates will be 26% for the fiscal years starting on 01.01.2013. For the year 2012, the rate used for the calculation of corporate and deferred taxes was 20%, i.e. the prevailing tax law as at 31.12.2012. The new tax rate, has a positive effect to the opening balance of the deferred taxation for the Parent Company and the Group amounting to € 346 th.

Unaudited tax years

The Company has not been audited by tax authorities for the 2010 financial year.

The tax returns of the Parent Company and the Group's subsidiaries have not been assessed by the tax authorities for different periods.

Until the tax audit assessment for the companies described in the table above are finalized, the tax liability can not be reliably measured for those years. The Group provides additional tax in relation to the outcome of such tax assessments, to the extent that a liability is probable and estimable.

Note: For some countries the tax audit is not obligated and is taken place under specific requirements.

Note 19 - Commitments

Capital commitments

The capital commitments contracted for but not yet incurred at the balance sheet date **30.06.2013** for the Group amounted to € 105 thousands (**31.12.2012**: € 159 thousands).

Note 20 - Related party transactions

(based on IAS 24 & Article 42e of L 2190/20)

The Parent Company's shareholders as at **30.06.2013** are:

Truad Verwaltungs A.G.	44,42%
The Capital Group Companies Inc.	9,25%
Montanaro Group	5,75%
Institutional Investors	25,53%
Other Investors	15,05%

Truad Verwaltungs A.G. has a 23.3% stake in Coca-Cola Hellenic Bottling Company SA share capital.

The Coca-Cola Hellenic Bottling Company is a non alcoholic beverage company listed in stock exchanges of Athens, New York & London.

Except from the common share capital involvement of Truad Verwaltungs A.G. at 23.3% with CCH Group, Frigoglass is the major shareholder in Frigoglass Industries Limited based on Nigeria, where CCH Group also owns a 23.9% equity interest.

Based on a contract that expires on 31.12.2013, and which has been renewed until 31.12.2018 the Coca-Cola Hellenic Bottling Company purchases ICM's from the Frigoglass Group at yearly negotiated prices.

The above transactions are executed at arm's length.

Note 20 - Related party transactions (continued)

a) The amounts of related party transactions were:

	Consolidated		Parent Company	
	30.06.2013	30.06.2012	30.06.2013	30.06.2012
Sales	73.644	94.324	7.308	19.151
Receivables / <Payables>	24.975	20.789	597	616

b) The intercompany transactions of the Parent company with the Group's subsidiaries were:

	Parent Company	
	30.06.2013	30.06.2012
Sales of goods	3.020	2.598
Sales of services	189	238
Purchases of goods / expenses	8.150	31.153
Dividend income	-	-
Receivables	47.958	42.726
Payables	38.136	43.380
Loans Payables	70.700	-

The above transactions are executed at arm's length.

c) Other operating income (transactions of the Parent company with the Group's subsidiaries)

	Parent Company	
	30.06.2013	30.06.2012
Management services income	12.650	12.511
Other operating income	14	56
Total other operating income	12.664	12.567

The majority portion of other operating income refers to management services charged to the Group's subsidiaries.

d) The fees to members of the Board of Directors and Management compensation include wages, stock option, indemnities and other employee benefits and the amounts are:

	Consolidated		Parent Company	
	30.06.2013	30.06.2012	30.06.2013	30.06.2012
Fees of member of Board of Directors	78	222	78	222
Management compensation	1.550	1.021	1.237	1.021
Receivables from management & BoD members	-	-	-	-
Payables to management & BoD	-	-	-	-

Note 21 - Earnings per share

Basic & Diluted earnings per share

Basic and Diluted earnings per share are calculated by dividing the profit attributable to shareholders, by the weighted average number of ordinary shares in issue during the year, excluding ordinary shares purchased by the company (treasury shares).

The diluted earnings per share are calculated adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Company has one category of dilutive potential ordinary shares: share options. For the share options a calculation is done to determine the number of shares that could have been acquired at fair value (determined as the average annual market share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options. The difference is added to the denominator as an issue of ordinary shares for no consideration. No adjustment is made to net profit (numerator).

in 000's Euro (apart from per share earning and number of shares)	Consolidated		Parent Company	
	Six months ended		Six months ended	
	30.06.2013	30.06.2012	30.06.2013	30.06.2012
Profit attributable to shareholders of the Company	9.871	16.421	(1.048)	(266)
Weighted average number of ordinary shares for the purposes of basic earnings per share	49.052.708	48.695.382	49.052.708	48.695.382
Weighted average number of ordinary shares for the purpose of diluted earnings per share	49.191.641	48.792.914	49.191.641	48.792.914
Basic earnings / <losses> per share	0,2012	0,3372	(0,0214)	(0,0055)
Diluted earnings / <losses> per share	0,2007	0,3365	(0,0213)	(0,0055)

Note 22 - Contingent liabilities

The Parent company has contingent liabilities in respect of bank guarantees on behalf of its subsidiaries arising from the ordinary course of business as follows:

The Parent Company's bank guarantees on behalf of its subsidiaries were:

	Consolidated		Parent Company	
	30.06.2013	31.12.2012	30.06.2013	31.12.2012
	Guarantees	538.847	-	162.511

As shown in Note 13 the issue of the Notes and the revolving credit facilities are fully and unconditionally guaranteed on a senior unsecured basis.

There are no pending litigation, legal proceedings, or claims which are likely to affect the financial statements or the operations of the Group and the Parent company.

The tax returns for the Parent Company and for the Group subsidiaries have not been assessed by the tax authorities for different periods. (see Note 18). The management of the Group believes that no significant additional taxes other than those recognized in the financial statements will be assessed.

in € 000's

Note 23 - Seasonality of Operations

Net sales revenue

Quarter	Consolidated							
	2010		2011		2012		2013	
Q1	93.213	20%	134.826	24%	159.117	27%	140.619	45%
Q2	142.775	31%	187.655	34%	179.088	31%	172.378	55%
Q3	110.627	24%	116.085	21%	100.689	17%	-	0%
Q4	110.605	24%	116.647	21%	142.356	24%	-	0%
Total Year	457.220	100%	555.213	100%	581.250	100%	312.997	100%

As shown above the Group's operations exhibit seasonality and therefore interim period sales should not be used for forecasting annual sales.

Consequently the level of the working capital required for the certain months of the year may vary.

Note 24 - Post balance sheet events

There are no post-balance events which are likely to affect the financial statements or the operations of the Group and the Parent company.

Note 25 - Average number of personnel

The average number of personnel per operation for the Group & for the Parent company are listed below:

Operations	Consolidated	
	30.06.2013	30.06.2012
ICM Operations	4.718	5.513
Glass Operations	1.617	1.576
Total	6.335	7.089

Average number of personnel	Parent Company	
	30.06.2013	30.06.2012
	225	255

Note 26 - Derivative Financial Instruments

	Consolidated				Parent Company

- Interest rate swaps	-	-	-	-	-	-	-	-
- Forward foreign exchange contracts	586	1.412	1.376	119	329	312	457	10
- Commodity forward contracts	-	-	-	-	-	-	-	-
Cash flow hedges								
- Interest rate swaps	-	-	-	-	-	-	-	-
- Forward foreign exchange contracts	-	11	-	-	-	-	-	-
- Commodity forward contracts	-	746	152	-	-	-	-	-
Total financial derivatives instruments	586	2.169	1.528	119	329	312	457	10
Less: Non current portion								
Held for Trading								
- Interest rate swaps	-	-	-	-	-	-	-	-
- Forward foreign exchange contracts	-	-	-	-	-	-	-	-
- Commodity forward contracts	-	-	-	-	-	-	-	-
Cash flow hedges								
- Interest rate swaps	-	-	-	-	-	-	-	-
- Commodity forward contracts	-	-	-	-	-	-	-	-
Non current portion of financial derivatives instruments	-	-	-	-	-	-	-	-
Current portion of financial derivatives instruments	586	2.169	1.528	119	329	312	457	10

Trading derivatives are classified as a current asset or liability. The full fair value of a hedging derivative is classified as a non-current asset or liability if the remaining maturity of the hedged item is more than 12 months and, as a current asset or liability, if the maturity of the hedged item is less than 12 months.

For 2013, there was no ineffective portion arising from cash flow hedges.

Gains and losses relating to the effective portion of the hedge are recognized in the hedging reserve in the Statement of Comprehensive Income. Subsequently these amounts are recognized in the income statement in the period or periods during which the hedged forecast transaction affects the income statement unless the gain or loss is included in the initial amount recognized for the purchase of inventory or fixed assets. These amounts are ultimately recognized in cost of goods sold in case of inventory or in depreciation in the case of fixed assets.

In terms of an amendment to IFRS 7, for 2013, the Company and the Group must disclose the basis of determining the fair value of financial instruments that are presented in the Balance Sheet. The only financial instruments at fair value presented in the balance sheet are the derivative financial instruments that are detailed in the tables above. These derivative financial instruments are measured in terms of the "Level 2" fair value hierarchy, that is described in IFRS 7. The "Level 2" fair value hierarchy refers to fair value measurements that are based on inputs that are directly or indirectly observed in an active market.
