The "squeeze-out" of ATHENA SA's shareholders was concluded in early July 2018, rendering the Company the sole shareholder of ATHENA SA. An extraordinary general meeting of ATHENA SA's sole shareholder in July 2018 approved the delisting from the Athens Stock Exchange, a move cleared by the Capital Markets Commission in early August 2018. The company has begun the process of full absorption of ATHENA SA. The merger plan was approved on 25.09.2018 by the Finance Ministry and the decision was posted on the General Commercial Registry. The merger will be based on financial statements dated 31.12.2017.

The 2nd Repeat Extraordinary General Meeting of Company shareholders held on September 03, 2018 approved a share capital increase amounting up to €20 million through a rights issue for all its shareholders, at an issue price of €0.45 per share. Prior to the capital increase, the par value of Company shares will be reduced from €0.58 to €0.30, thereby causing a €21,743,358 reduction in total nominal share capital, capitalising an equal amount of accumulated losses. The Information Memorandum for the capital increase is expected to be submitted to the Capital Markets Commission in October 2018.

In April 2018, lender banks approved the amendment of terms of the two Syndicated Bond Loans issued by the Company. More specifically, the amendments related to a two-year extension and restructuring of the repayment schedule and a drop in the interest rate spread. The move granted the Company the scope to service both bond loans with no burden on its construction sector.

The Group applied IFRS 9 and 15 using the cumulative effect method. According to this method, comparative information is not restated. The parent company was not affected by the application of IFRS 9 and 15 (see note 20 of the interim condensed financial information of 30.06.2018).

Certain figures on the financial statements of the previous year have been reclassified in order to be comparable to the corresponding amounts of the present year. This reclassification had no effect on equity, profit or loss and the aggregate net income of the company.
